Join me in my game "Catharsis of Cthulhu", where we become a god and try to control the world and . We choose a name for ourselves and start living from the very beginning. Only without knowledge, we cannot do anything. And everything that surrounds us, one fine day, begins to come to life, and we cannot understand what is happening around us. We just wanted to relax, so we went on vacation, but something went wrong and we ended up in a world that was completely destroyed, and then this story began. Now it's up to you whether you can stay alive or not.
